RMKS/1. This message announces the Enlistment Incentives (EI) that must attract the highest quality of recruits to fit specific requirements to ensure Fleet readiness. This message replaces reference (a) for any Future Sailor (FS) initially classified or reclassified after July 26, 2026 who meets the conditions of this message.

2. The EI Program includes:

- a. Enlistment Bonus Source Rate (EBSR)
- b. EB High School (EBHS)
- c. EB for Shipping (EBSHP)
- d. EB for Physical Screening Test (EBPST)

e. Enlisted Loan Repayment Program (LRP)

3. Reference (d) is dependent on Congressional appropriations to obligate funds. Funding is currently available through September 30, 2026. During periods of lapsed appropriations when recruiting is designated as an exempted activity, classifiers may include EB in contracts with inclusion of the following required language on the DD Form 1966: "Funds are not presently available for payment of enlistment bonuses. The Government's obligation for payment of enlistment bonuses is subject to the enactment of an appropriation from which payment can be made. No legal liability on the part of the Government for any payment may arise until funds are made available to the Department of the Navy."

4. EI Policy: Reference (e) provides guidance for determining bonus eligibility.

a. EB Maximum Limit: The EB maximum limit for the Nuclear Field (NUC-NF) is \$75,000. The EB maximum limit for Aviation Rescue Swimmer (AIRR-ATF), Explosive Ordnance Disposal Technician (EOD-ATF), Hospital Corpsman - Advanced Technical Field (HM-ATF), Information Systems Technician - Submarines (ITS-ATF), Submarine Electronics/Computer Field (SECF-5YO), and Special Warfare Boat Operator (SB-ATF) is \$60,000. For all other rates, the EB maximum limit will be maintained at \$50,000. If the sum of EBs exceeds the maximum limit, the EBSR will be reduced to maintain total EB at the maximum for the specified rating. However, EB and LRP can be combined such that each reach their respective maximum (\$50,000/\$60,000/\$75,000 EB and \$65,000 LRP).

b. Contract Policy: While in the Delayed Entry Program (DEP), eligibility determinations are initially based on the initial date the Service Member enters DEP (see block 5 of DD FORM 4), ship date, and effective message. Eligible bonuses are listed in the new contract and a Statement of Understanding (NAVCRUIT 1133/102) will be completed. Future Sailors will sign an Enlistment Contract

(DD 4 an Annex A to DD 4, Enlistment Guarantees (NAVCRUIT 1133/52)),

with all eligible bonuses. For reclassifications that occur while in DEP, the classifier must apply EB that is in effect the day of reclassification, create a new Annex and EBSOU. Changes in program, rate, and ship date occur often.

Classifiers must be vigilant.

c. Prior Service Members, either Navy or other services, re-enlisting onto Active Duty are eligible for bonuses. They must enter Active Duty in pay grade E-4 or below, meet specific bonus eligibility, and not have received a bonus in their first enlistment. Additionally, Navy Prior Service Members must have been separated from active duty for at least 12 months prior to shipping to be eligible for bonuses. Prior Service Members re-enlisting into the Reserves will use reference (f) to determine bonus eligibility.

d. If a Service Member is reclassified while attending training, the EBSR is determined by the current effective message. If EBSHP, EBCC, EBHS, or EBAFQT are listed in the old contract, they are transferred to the new contract.

e. Classifiers are reminded that in accordance with reference (e), Future Sailors with Tier 3 education credentials are NOT authorized EB.

5. If a Service Member has a defective contract due to improper or incorrectly determined bonuses, a TSC Classifier with support from assigned classifiers at RTC is authorized to correct the contract prior to affected Sailor's graduation from RTC. Effectively, this invalidates the superseded Annex and a new Annex is placed in the Service Member's official record. For example, a Sailor with a NUC contract originally ships to RTC only with a NUC \$38,000 dollar EBSR. However, when RTC reviews the Sailors contract, RTC discovers that the Sailor was also originally eligible for EBCC, proven by the Sailor's college transcripts. A classifier will correct the problem with a new contract.

If a defective contract is observed after RTC graduation, the Service Member must use the Board for Correction of Naval Records (BCNR) procedures.

6. Payments Policy: Sailors can be paid in one or multiple installments based on specific accomplishments of the bonus criteria.

- a. EBCC, EBSHP, EBHS, EBAFQT are paid upon graduation of RTC.
- b. EBSR payments will be made by Transaction Support Center (TSC) Great Lakes.
- c. Recoupment: Only the unearned portion of the EBSR is eligible for recoupment as outlined in reference (c).

7. Enlistment Bonuses:

- a. EB for Source Rate (EBSR):
 1. Active Component Recruits are eligible for the enlistment bonus for source rate (EBSR) in these ship months and fiscal year(s):
