

# RESERVE TALENT ACQUISITION GROUP SOUTHEAST

## COMMANDING OFFICER'S PHILOSOPHY

### Mission

Recruit the Nation's most qualified candidates to be the future of our Navy Reserves, ensuring the strategic depth of our Navy's maritime forces.

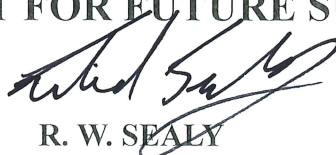

### Vision

To accomplish our mission, we will build and foster a safe, professional working environment where Sailors and Civilians are empowered to succeed and flourish.

### Guiding Principles

- **Integrity.** Walk the Talk! Be forthright and honest. Do what's right! Even if no one is watching.
- **Professionalism.** You are what they see. Uphold and defend the highest ideals of the United States Navy. To the Public, YOU are the U.S Navy!
- **Respect and Dignity.** Follow the Golden Rule, treat others as we would like to be treated!
- **Process Improvement.** Work Smarter! Just because it was, doesn't mean it should be. Innovate, find new paths to success, critically self-assess and be a part of the Solution!
- **Excellence.** Be the subject matter expert. Take Pride in your work! Find positive ways to contribute within your spheres of influence.
- **Personal Readiness.** Be your best self. Invest in your physical, mental and spiritual well-being. You need to be "Whole" to be at your best!
- **Leave a Legacy.** Plant trees you may never see. Train your relief. Lead by example and build a culture that lives on after you leave.

**BE PROUD OF ALL THAT WE HAVE ACCOMPLISHED AND BE  
A CATALYST FOR FUTURE SUCCESS.**
