

GUIDANCE FOR MEPS DROPOFFS

Starting Monday, 23 March 2020, all MEPS will be entering COVID -19 Phase II. Personnel going to MEPS (shippers and applicants) must check in at the Contract Lodging Hotel (CLH) to be screened and tested.

This applies to personnel staying at the CLH as well as those who will be arriving the morning of processing/shipping. Recruiters dropping off personnel must remain at the CLH with their applicant or future Sailor until they have been screened and cleared to process. If the applicant or future Sailor failed to pass the screening, the service will be required to transport the future Sailor and/or applicant back home.

At no time will any applicant and/or shipper report directly to the MEPS.

Personnel arriving at the CLH the morning of processing/shipping must arrive in enough time to be screened and tested prior to the contracted transportation drivers depart for the MEPS.
