NAVY MEDICAL CORPS

The Navy Medical Corps. Where you can be the physician you have always wanted to be. Where your skills and experience are what matter most. Where you belong.

As a Navy Medical Corps Officer, you'll provide care for dedicated Sailors, Marines and their families. It's your own established practice – right from the start. While you're taking care of patients, the Navy is tending to the details. No malpractice insurance worries. Your staff is comprised of dedicated medical professionals – Sailors – who share your passion. Your equipment is state-of-the-art and there when you need it. No worries about overhead. Just medicine. Just like you imagined.

TO BE ELIGIBLE FOR THE NAVY FAP, STUDENTS MUST BE:

- Graduates of medical school or currently enrolled in medical school and accepted to an approved residency program
- At least 18 years old, less than 42 years old
- U.S. citizen or naturalized U.S. citizen

HEALTH PROFESSIONS SCHOLARSHIP PROGRAM (HPSP):

Covers 100% of medical school tuition - plus HPSP offers a monthly allowance of \$2,330.78 to cover living expenses for up to four years. You'll also earn a sign-on bonus of \$20,000.*

WHICH OPTION MAKES THE MOST SENSE?

A Navy Medical officer recruiter will help you choose the program that offers the greatest advantage.

TO BE ELIGIBLE FOR THE NAVY HPSP, YOU MUST BE:

- Accepted into the next entering class or currently enrolled in a school of medicine in the United States, Puerto Rico, or Canada that is accredited by LCME or COCA
- At least 18 years old, less than 42 years old
- U.S. citizen or naturalized U.S. citizen

As a Navy physician you'll have a vested interest in keeping our military in the best health possible. Good for America. Good for you. Navy Medicine is vigilant. Preventing. Diagnosing. Treating. Rivaling even the best civilian counterparts.

This is medicine as you imagined it. High tech. Cutting-edge. Effective. Rewarding.

** Bonus and monthly stipends change each year. Contact a Navy Medical Recruiter for current dollar amount.*

MEDICAL SCHOOL DEBT-FREE?

NAVY MEDICAL CORPS HAS A PLAN FOR YOU

Imagining your life as a physician is one thing, getting there is another. The Navy Medical Corps has effective ways of helping you finance the cost of your training. If you are a U.S. citizen and meet the Navy's physical standards, you may qualify for one of the following programs.

THE NAVY FINANCIAL ASSISTANCE PROGRAM (FAP):

Allows you to concentrate on your specialty without worrying about your finances. While you attend the residency or postgraduate program of your choice, Navy Medical Corps provides you an annual grant of \$45,000 paid directly to you - on top of any residency program-based salary. With an additional monthly stipend of \$2,330.78 for up to 48 months, you'll know there is potentially over \$275,000* available during the course of a typical four-year residency through the Navy FAP. You determine how the money is spent...student loans, car payments, rent, family expenses, whatever. Complete your program, obtain your board certification and enter the Navy as an Officer in the U.S. Navy Medical Corps. Debt Free!

** Whether you're still finishing undergraduate study or already on the way to becoming a medical doctor, you can get monetary assistance from the Navy that will pay your way through medical school.*

IT'S NOT ALL WORK

Keeping yourself in top shape is a priority. The Navy has bases and ports of call around the globe so the view never gets stale. With 30 days vacation earned every year, you'll find it easier than ever to strike the necessary balance between work and play. But, the benefits don't end here.

TAKE ADVANTAGE OF A WIDE RANGE OF NAVY BENEFITS:

- Leadership
- Camaraderie
- The finest postgraduate career-related training available
- Comprehensive medical and dental benefits
- Seniority that stays with you – even when you change hospitals or specialties
- Competitive pay, scheduled raises, and a potential sign-on bonus
- Tax-free shopping privileges at military stores
- Worldwide travel

TO JOIN THE NAVY MEDICAL CORPS YOU MUST:

- Have graduated from an eligible medical school accredited by the LCME or the COCA
- Have completed one year of graduate school in a program approved by the AMA or AOA (interns currently in training may also apply)
- Have a current state medical license within one year of entering the Navy Medical Corps
- Be able to complete 20 years of active duty service prior to age 62
